

Purchase Steps (Dealer owns BoilerScope)

1. Obtain from our website www.dcmlogic.com/dealers:
 - a. DataUseConsent.pdf
 - b. LicenseAgreement.pdf
 - c. InstallationInstructions.pdf
 - d. IT_Requirements.pdf
 - e. BoilerDataSheet.pdf

You can fill out and save the data on these forms, and sign electronically.

2. Send the DataUseConsent.pdf form to your customer (perhaps after filling in some of the blanks for them). Ask them to sign and email to us (with a cc to you) at orders@dcmlogic.com.
3. Send the IT_Requirements.pdf to your customer, asking them to forward it to their IT professional. The IT professional should contact techsupport@dcmlogic.com with any questions.
4. Fill out LicenseAgreement.pdf and email to orders@dcmlogic.com. This agreement covers each BoilerBrowser subscription that you purchase and begin to use before June 30, 2015, so there's no need to fill out this form again until that time.
5. Fill out the BoilerDataSheet.pdf and email to orders@dcmlogic.com.
6. Please issue a purchase order referring to the quote we've provided and send to orders@dcmlogic.com.
7. Please send a check to DCM Logic LLC, 64 Peg Shop Road, Keene NH 03431.
8. Once we have received payment and all forms from you and your customer, we will ship your unit.
9. When you install your BoilerScope™, please fill out the InstallationInstructions.pdf and email to techsupport@dcmlogic.com.
Thank you!
