Consent to Use Boiler Data

Boiler Plant Owner (Owner):_____

Telephone and Email:_____

Address of Boiler Plant: _____

Boiler(s) Make/Model:_____   Number Installed: _____

Boiler serial number(s):_____

IT Administrator's Email (to verify network requirements): _____

Owner grants to DCM Logic LLC the right in perpetuity to view, use, store, share and license data collected from its boiler plant(s) by DCM Logic's BoilerScope® monitor with the exception of information identifying the location where the data was collected. All data and site information may be shared with and licensed to the boiler installer, distributor, manufacturer, other relevant HVAC professionals, and those engaged in the monitoring and reporting of generated thermal energy.

Owner understands that BoilerScope® and its online interface BoilerBrowser® merely aid in monitoring the operation of the boilers and shall not hold DCM Logic LLC responsible for ensuring the successful operation or a certain level of performance of the boilers, even in the event that the BoilerScope® and/or BoilerBrowser® malfunction or their function is interrupted.

Owner understands that this BoilerScope® and accompanying BoilerBrowser® monitoring are to be used with the above boiler plant(s) at the above address(es) only.

For Boiler Plant Owner:

Name:_____   Signature:_____

Date:_____
